ABOUT THE AUTHOR

Andrew Frinkle is an award-nominated teacher and writer with experience in America and overseas. He has taught PreK all the way up to adult classes, and has focused on ESOL and EFL techniques. With a young child at home now, he's been developing more and more teaching strategies and books aimed at helping young learners.

His many educational works include:

- 50 STEM Labs, 50 More STEM Labs, & 50 Science Labs
- Basic Skills Workbooks: Alphabet Skills, Colors, Number Sense, Nursery Rhymes, and Shapes
- Board Game in a Book Series
- Card Game in a Book Series
- Common Core Assessment Templates & Vocabulary Cards
- Dealing With Archetypical Children - A Classroom Management Resource
- Elementary & Middle School Common Core Workbooks
- Graph Paper Math
- How to Draw with Basic Shapes
- Make Your Own Comic Books
- Movers and Shakers Card Game & the Expansion Sets
- Science Now!
- Sentence Builders & Word Builders
- Story Starters
- Weekly Sentence Strips
- ***Get this and other books on Amazon, Lulu, and other online booksellers!***

Read more about Andrew Frinkle at www.underspace.org. He also maintains the educational websites www.50STEMLabs.com, www.littlelearninglabs.com and www.common-core-assessments.com. He also works full time for www.havefunteaching.com and its affiliated sites, as well as writing fantasy and science fiction novels under the pen name Velerion Damarke.

COMMON CORE

This book contains a reusable worksheet or assessment for each grade level standard in the following subject areas:

- * English Language Arts & Writing**
- * Mathematics**

It also contains a copy of the grade level standards for your reference.
