

# Common Core Vocabulary Cards

## Kindergarten English Language Arts

NOTE: These words are suggested concepts for the grade level. Your school or district might use more words or words with similar meanings to these. If so, substitute those words in on some of the blank cards at the end. Some of them are not words students should have to be able to define necessarily, but they should have a general idea of what they mean and/or should be able to identify them if shown them.
